Channels from the Suvarnavati to be opened in April and May.

Mr. Venkatasamaiya, Chamrajnagar taluk.

Summary of discussion.—As Suvarnavati is not a perennial stream, the rules applicable to the opening of river channels should not be made applicable to the channels drawn from this river.

SUBJECT No. 391.

Hot weather supply from the Suvarnavati channels.

The repairs to it may also be done under the supervision of the Revenue Department.

Reply of Government.—Will be referred to the Public Works Department.
